

LANDSCAPE INSTALLATION - TECHNICIAN

M.J. Design Associates, Inc. is a Design/Build Landscape and Grounds Maintenance firm in Columbus, Ohio. We pride ourselves on the philosophy that our clients deserve only the highest quality of service. M.J. Design brings to our clients' consciences, educated, and knowledgeable personnel who are dependable and devoted to complete customer satisfaction. We are currently looking for hard working, self-motivated employees to join our Landscape Construction Team.

Responsibilities:

Working with our Landscape Installation Foreman, you will assist with different facets of the landscape process. You will actively participate in team development through the M.J. training program.

- Learn and practice the use of equipment related to the industry.
- Take instruction from an experienced Landscape Technician and Leader.
- Ask questions when needed.
- Conduct yourself in a professional manner.
- Show a desire to learn the industry and progress within the M.J. Design team.
- Show a desire to be a team player and feel comfortable with our Core Values and Principles.
- Bring needed supplies for work every day (lunch, water, PPE – Personal Protective Equipment)
- Report all injuries and notify Leader of past injury concerns immediately.
- Learn and practice all safety procedures.

On a Daily Basis:

- Each day will bring opportunities to learn and try different things
- Mowing and landscaping crews may intermix throughout the year to give employees the opportunity to try different skills and develop in an area they are most comfortable. This can range from mowing, pruning and maintenance to plant and hardscape installation.

Necessary Experience, Knowledge & Skills:

- Must be able to get to and from work on time each day.
- Have a valid driver's license with a good driving history.
- Previous landscaping experience is a plus.
- Knowledge of how to operate a piece of equipment, power tools a plus, but trainable.
